

-MH201 HIKING PROGRAM-

DAY 1: Transfer from the airport to the hotel.

DAY 2: Ushuaia. An active and enjoyable way of exploring Tierra del Fuego; hikes accompanied by an expert guide. If you choose this full-day excursion, you will explore two remarkably different ecosystems: the sea-shore and the sub-Antarctic forest which exist side by side only in a few places on earth and are unique in Argentina. You will walk along sea-shore trails and through the forest, an important reserve of native flora and wildlife. If you are fond of discovering NATURE in a small group with the expertise of a guide, this is an ecological experience you cannot miss!

The excursion begins in the center of Ushuaia with a minibus ride to the National Park. After a walk along the shore, we will stop for a snack and then continue through the forest. Later, we rest for a while and have lunch at a great lookout point.

Finally, We reach Lapataia Bay where the South American roads end. Total number of kilometers for this day: 50. The dinner is not including.

DAY 3: Ushuaia. Catamaran Tour: Sea Lions, Bird's Island and Penguin colony. Different kinds of marine birds will accompany us throughout the trip. Duration: 2, 30 hours. The dinner is not including.

We start our tour from the tourist pier crossing Ushuaia's wide bay until reaching the Beagle Channel across Paso Chico. There we sail around Isla de los Pájaros and Isla de los Lobos.

Both islands belong to the Archipelago Bridges. When come to the Les Eclaireurs Lighthouse, we will be able to see the colonies of imperial Shag and Rock Shag.
